The University Endowment Lands Administration is conducting a public meeting regarding the application from Regent College to rezone 5800 University Boulevard from “Institutional and Public Use District” to “Institutional and Public Use District (A)”. The new zone would permit an increase in height from 4 storeys to 6 storeys, and the addition of student and faculty housing. An amendment to the Official Community Plan would be required to extend the designated commercial “Village” to include Regent College. The rezoning application is available in advance of the meeting at the UEL Administration office and website for public review.

A speaker’s registration list will be available at the public meeting. To register early, please contact the UEL office. Comments are also being accepted in writing until 4:30 pm, Thursday, October 10, 2013 at:
